October is Fire Prevention month. This years theme is Practice Your Escape Plan.

- ◇ While 66% of Americans have an escape plan in case of a fire, only 35% of those with a plan have practiced it.
- ◇ Three-quarters of Americans believe they have 10 minutes or less until a fire turns deadly, the time available is often less.
- ◇ Only 8% of people said their first thought on hearing a smoke alarm would be to get out!
